Re: In re Payment Card interchange Fee and Merchant Discount
Antitrust Litigation

Case No. 1:05-MD-1720 (MKB)(JO)

Dear Judges Brodie and Orenstein:

I, Annamalai Annamalai (movant) hereby "reply " to the 'Response' of the attorney Ryan W.Marth, concerning the above cited civil matters.

Attorney Marth, appears to be in lot of hostility towards myself, for the reasons unknown to me. In his thrust of 'kicking me' out of this litigation, he went ahead and misguided this court extensively. First, I have NOT attached anything with my motion which was docketed in this action. Please see my motion and docket entry no. 717, dated 10.21.2019. Secondly attorney Marth's Response, to my motion appears to be untimely, since, his own communication, expressly shown, such he has mailed the response on 11/05/2014, well over the 14 days time stipulated by the civil rule to respond and or object my motion. (However, he has filed his response to your good self on 10.30.2019.)

Its so clear from the response of Mr.Marth, he is NOT representing my interest as a potential class member, rather, he expects this court to 'kick me out'. in furtherance of his bad faith acts, he went ahead and has quoted some cases in which I, either involved or not, to create an unwanted smome and mirror to prejudice me. First and foremost, the cases he has cited, as I have allegedly involved has 100% has 'nothing' to do with this litigation, where, I would like to be a class member.

To address Mr.marth about my involvement with the Visa and Mater card's improper dealings, which has caused this litigation, I have enclosed herewith an express correspondence, which was directed to an entity, which is allegedly involved in this action. Please see Exhibit-A, which has the list of the entities which has processed the visa and Master cards, which were co-founded by myself. The total amount of visa and master card processed comes to the tune of \$ 15,463,593.27 in the time period of the card processing, subject to this litigation. The enclosed Exhibit has the names and the Tax ID numbers of such entities.

Pursuant to Fed.R.Civi.P. 23(g)(4), the class counsel Mr.marth 'MUST' fairly and adequately represent my interests in this class, which he patently does not represent my interests at all at this time. Further under Fed.R.Civ.P. 24(a)(1) & (2) I have an unconditional right to intervene in this action under Federal

statue 1341 and my claims and interests relating to the property or transactions that is the subject of the action, which is so situated that disposing matters will impair or impeded my ability to protect my interests and the existing parties are NOT adequately protecting my interests per se.

Or as an alternative, I shall be allowed to intervene in this action under Fed.R. Civi.P. 24(b)(1)(B), since I have a claim or defense that share with the main action a common question of law or fact.

As a nutshell, I should be allowed to be a class member to this action at this time, by your authority, and I also would like your honor, to appoint an attorney to represent my interests, since I am in utter poverty and I do not have any meaningful financial ability to hire a counsel to represent myself at this action at all. Just for the record Attorney Marth 'DID NOT' mail me the copy of the long-form Notice, ECF No 7497-6(june 7 2019) towards me, and the same be, please mailed by Attorney Marth and or by this court, with the request of mailing me with the full docket sheets of this action for my records.

Also for the records that, I am invoking the 'prison mail box rule', for this document's mailing, and this document is caused to be mailed to this court and also to the parties in interest to this action via first class mail, postage being prepaid, by depositing the same in the prison's internal mailing system.

Respectfully Submitted,

Encl:-
